welcome

Thursday 4th April- END OF TERM

Friday 5th April- INSET DAY

Tuesday 23rd April- SUMMER TERM STARTS

30th April- Sir James Smith Y6 children
introduction(at Warbstow)

Monday 13th May- Y6 SATS WEEK STARTS

Wednesday 22nd-24th May Class 4 Bristol

Due to staff absence this term, and Mrs Sobey
not returning until she is recovered from her
operation we have made the decision to
postpone LAPS until further notice.

No clubs next week.

In class 1, they have been learning poems by heart. They had a visit from Mrs Shepherd's daughter Faye in an Ambulance and learnt all about 'a day in the life of a paramedic'. They have also been learning about arrays in Maths.

In Class Two they have continued to write about the Town Mouse and the Country Mouse. The Children have been looking at how they can improve their sentence structure to engage their audience. In Maths they have been applying their maths skills to problem solve using different types of measure. In Science, they have been learning about the human body. During the afternoon they have been completing art, using ever-day objects for their background.

This week, in Class 3, they have been comparing the language and vocabulary in real-life earthquake news reports and survivor accounts to begin to understand what it would be like to survive an earthquake. These ideas have been used to begin writing their own earthquake survivor stories. In maths, Year 3 have been drawing 2-D shapes and recognising angles as a property of a shape or a description of a turn. Year 4 have been comparing and classifying 2D geometric shapes, including quadrilaterals and triangles as well as describing positions on a 2-D grid as co-ordinates in the first quadrant. Research has begun into why earthquakes and volcanoes occur.

This week, Class 4 have been investigating area, and perimeter. They have learnt how to find the area of irregular and rectilinear shapes, and Year 6 have also looked at finding the area of parallelograms. In English, they have been creating engaging sentences and first paragraphs that grab the readers attention, through the use of different literary devices. They have continued to focus on balance and poise in gymnastics.

Attendance

School year to date 97%

This has increased by 0.1%

CANWORTHY WATER, WARBSTOW & TRELASH NEED YOU!

Join us for a joint community litter
pick and help make our Parish a
cleaner, safer and tidier Place.

Hi Everyone

Further to the note about a litter picking session to remind
you its is this Saturday 30th March.

Meeting at:

Canworthy Water Sunday School - 09.30 to 11.00

Warbstow Community Centre - 09.30 to 11.00

Trelash by Defibrillator Kiosk - 10.00 - 11.00

We will cover local roads and school field in each area.
Please bring any high vis jackets you have. We will supply
some pickers., bags and gloves. Refreshments will be
available afterwards at Canworthy Water Sunday School
please do come along and join us. Martin Brooks will run a
short briefing at 09.30 at Warbstow and Dean will do the
same at Canworthy Water and Trelash. children must
come with and adult to supervise.

Lets Hope the Sun Shines!!

Many Thanks

Martin Brooks 07812 959879

A big well done to Janosh, Billy and Cameron who
were selected to represent East Cornwall at The
Cornwall School Games Primary X Country Final, in
Newquay yesterday. We are yet to find out the final
results but are very proud of the boys, representing
Warbstow.

EGG ROLLING

**Thursday 4th April 2.30pm
in the School playground**

Pre-School

Reception and Year 1
Year 5 and Year 6

Year 2
Parents

Year 3 and Year 4
Teachers

All eggs are hard boiled and decorated by the children in school on the Thursday morning,
ready for the egg-citing rolling race down the playground in the afternoon.

£1 entry fee for each child/Parent/Teacher

* Only egg rollers that have paid can win the prizes *

The homework project is to be brought into school by Tuesday 2nd April in the morning. The projects will be showcased in the hall from 2.45pm. Please come and find out what all our children/families have been up to.

Whole School Homework Project 8th February 2019

(Planned and discussed as part of the whole school parliament)

As part of the children's homework this term, all the children have challenged themselves, to complete a home learning challenge. This may be completed as a family project, as a small group project of up to four friends in a team, or individually. This can include younger **children that attend pre-school.**

If the children work in a team, every child in the team will need to be able to explain their input into the project/challenge.

This will run alongside their other home learning task (reading, times tables etc)

The project will be on displayed at the end of the Autumn term for both the parents and children to view.

The Challenge

To upcycle a piece of plastic waste, into a useable product.

Criteria you will need to meet

- A clearly labelled diagram and design sheet
- A model or completed version of the end-product
- A set of instruction that would enable another individual to produce the product themselves
- An original idea.

It is up to your group to decide how this product is presented to others on the day and that every member of your group can explain the production process.

Thank you for your support

Whole School Parliament

What a sunny week, potatoes have started to grow, bees are buzzing and the birds are in full song. This week we watered and weeded the front border but mainly enjoyed the garden and sunshine.

PHOTO COMPETITION

Don't forget to enter your photo for March, you have until Monday to email a picture in.

CLASS 3 and SCIENCE GARDEN

We are looking for funds and material donations to build a garden for Class 3 and develop the growing areas in the school. We have a plan and a list of items and if you can help please contact the school or talk to Katie Webb.

CAN YOU HELP?

Class 3 and Science Garden

The school would like to create a garden for Class 3 to use on a daily basis and to provide areas around the school for outside learning.

If you would like to help we are looking for

- Funds/Monetary Donations
- Materials and Building Supplies
- Labour to help build and create

Please talk to Katie Webb for further details
