

Warbstow Primary Academy 2021-22

Section 1: Vision Statement

This Accessibility Policy and Plan are drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability of the Equality Act 2010. It is structured to complement and support the school's Equality Objectives and will similarly be published on the school website. We understand that the local authority will monitor the school's activity under the Equality Act 2010 (and in particular Schedule 10 regarding Accessibility) and will advise upon the compliance with that duty. Whole school training will recognise the need to continue raising awareness for staff and Advisory Board on equality issues with reference to the Equality Act 2010.

At Warbstow Primary Academy, our aim is to provide a safe, inclusive and stimulating learning environment where children are given confidence, aspiration and the skills to achieve their learning potential. We are passionate about developing children, as a whole, enabling them to become caring, responsible members of society with lively enquiring minds capable of independent thought.

We celebrate the diversity of all learners meeting their needs as individuals. We are also committed to providing experiences that develop their moral, emotional and spiritual as well as intellectual intelligence.

Above all our aim is for our children to be happy and leave us in Year 6 with wonderful memories and a love of learning.

The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that "schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation".

According to the Equality Act 2010 a person has a disability if:

- He or she has a physical or mental impairment, and
- The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

The Warbstow Primary Academy Accessibility Plan relates to the key aspects of **physical environment, curriculum and written information** and shows how access is to be improved for disabled pupils, staff and visitors to the school within a given time frame and anticipating the need to make reasonable adjustments to accommodate their needs where practicable.

- ❖ At Warbstow Primary Academy we are committed to providing an accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.
- ❖ The Warbstow Primary Academy leadership team plans, over time, to ensure accessibility of provision for all pupils, staff and visitors to the school.
- ❖ An Accessibility Plan will be drawn up. The plan will be updated annually. The Accessibility Plan will contain relevant actions to:
 - Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers reasonable adjustments to the physical environment of the school and physical aids to access education.

- Increase access to the curriculum for pupils with a disability, expanding and making reasonable adjustments to the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils; (If a school fails to do this, they are in breach of the DDA). This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.
 - Improve and make reasonable adjustments to the delivery of written information to pupils, staff, parents and visitors with disabilities. Examples might include hand-outs, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.
- ❖ The Action Plan for physical accessibility relates to the Access Audit of the School, which is undertaken regularly. It may not be feasible to undertake some of the works during the life of this Accessibility Plan and therefore some items will roll forward into subsequent plans. The audit will need to be revisited prior to the end of the first three-year plan period in order to inform the development of the new plan for the following period.
 - ❖ We acknowledge that there is a need for on-going awareness raising and training for staff, Hub Councillors and directors in the matter of disability discrimination and the need to inform attitudes on this matter.

Section 2: Aims and Objectives

Our aims are to:

- ❖ Improve and maintain access to the physical environment
- ❖ Increase access to curriculum for pupils with a disability
- ❖ Improve the delivery of written information to pupils
- ❖ Ensure that all pupils within our school have full access to a broad and balanced curriculum and that the school is, at all times, inclusive to all stakeholders
- ❖ Ensure that all stakeholders have full access to school information and policies.

The table below sets out how the school will achieve these aims.

Revisiting the Scheme

Our scheme will be reviewed and revised annually i.e. September 2022 and Hub Councillors will be involved in the process. A new action plan will be produced, responding to issues identified through our impact assessment.

The Accessibility Plan should be read in conjunction with the following school policies, strategies and documents:

- Personal Development, Behaviour and Welfare policy
- Curriculum Policies
- Emergency Plan
- Health and Safety Policy
- School Improvement Plan
- Special Educational Needs Policy

Equality Impact Assessments will be undertaken as and when the school policies are reviewed. The terms of reference for Director's meetings will include the need to consider the Equality and Diversity issues as required by the Equality Act 2010.

The Accessibility Plan will be published on the school website.

The Accessibility Plan will be monitored by the Board of Directors.

The Accessibility Plan may be monitored by Ofsted during inspection processes in relation to Schedule 10 of the Equality Act.

The priorities for the Accessibility Plan for our schools were identified by:

- The Senior Leadership Team
- The SENDCo
- Hub Councillors
