

Who's the Mummy?

English: We will be covering different text types such as information texts and adventure stories across this topic— all written work will be linked to the topic of Ancient Egypt.

We will be introducing 'Words of Wisdom' throughout this topic and will also be focussing on inference questioning during reading sessions.

PE: In our physical education lessons we will be focussing on dance and net and wall games.

We will develop our coordination skills and team work across the variety of activities as well as learning skills unique to the challenges we face.

MFL:

History: Ancient Egypt forms the focal point for this topic and we will be delving into their culture, beliefs and life style. Throughout this topic children will be presented with the opportunity to investigate and write about different aspects of Ancient Egypt ranging from Famous Pharaohs to Early Medicine and Hieroglyphics.

STEAM: The children will be creating a tool used by the Ancient Egyptians as well as looking into the body through the Egyptian's use of embalming.

ART: We will be creating canopic jars for a burial ceremony to be held in the 'Tomb of Ancients' at the end of the topic. We will also be looking at what 'Art' looked like for this ancient civilisation.

Maths: We will be working on Multiplication and division as we move through this half term. Our focus will then move towards understanding factors, prime, square and cubed numbers and fractions.

RE:

GEOGRAPHY: Our studies in this area will focus on location within the world and then the specific features of Egypt. We will look at both modern and historical contexts and discuss how the geography has shaped Egypt's history.

TOMB OF THE ANCIENTS—our exciting end to the topic will see the children become Egyptian priests for the day at a sacred ceremony.
